Set Dates For Pre-School Clinics

The County Health Department in order to make it easier for parents of pre-school children to get all of their necessary immunization and vaccination for their pre-school child, so that he can enter kindergarten in the fall, have set up clinics in the Frederick Elementary School this summer. These clinics will be:

Wednesday, May 27, 1970 — 1:30 p.m. to 3 p.m.
Wednesday, June 24, 1970 — 1:30 p.m. to 3 p.m.
Wednesday, July 22, 1970 — 1:30 p.m. to 3 p.m.
Wednesday, August 26, 1970 — 1:30 p.m. to 3 p.m.

The clinic will be held in the cafeteria or basement of the main building.

All parents of any child who will enter school for the first time this fall (Sept. 1970) should take advantage of this clinic. The service is provided at the Frederick Elementary Building so that you won't have to make a trip to Grayling for this service.

Post these dates and don't miss having your child vaccinated and immunized to meet state law requirements before your child can be entered in school.

National Hospital Week

This coming week, May 10-16th is National Hospital Week, an appropriate time to take a close look at our local hospital.

Most of us think of Mercy Hospital, if we think much about it at all, as a place to go if we need care. It is a familiar building, one which many of us pass every day. It's reassuring to know that it is there if and when we need it.

Stop for a moment and consider what it takes for that hospital to be ready to care for us. Consider what it takes in terms of manpower, material and money. Most of what it takes, you as a patient or visitor never see.

Persons in over 100 job classifications are employed in a hospital. It takes over 100 persons to serve 100 patients. It requires more than 10,000 items to equip a hospital. These items range from band-aids to x-ray film, from medicine cups to electronic machines. All of this, of course, requires money.

Hospital costs have skyrocketed along with other costs, but it is reassuring to know that the hospital is able to provide us with the best possible care at a moments notice.

FUEL GAS TRUCK BURNS — A Fuelgas delivery truck from Houghton Lake, caught fire last Friday afternoon while in the process of filling tanks at a lodge on Slickert Bridge in South Branch Township. It is thought a hose or connection underneath the truck broke, according to Crawford County Sheriff deputies. When Lee Akin, driver of the vehicle noticed the escaping gas, he turned the engine off, and went to the Air Way Lodge to warn the people and to call for help. The Roscommon Fire Department was at the scene on standby for any spreading of the fire, deputies said. (John Galloway Photo)

Area School Survey Meeting Held Monday

Representatives of citizens' committee, boards of education and school administration from St. Helen, Roscommon, Houghton Lake and Grayling met with Dr. Ray Kehoe of U. of M. Bureau of School Service at the Conservation Training School, Higgins Lake, Monday evening of this week.

A pamphlet covering the first phase of the study to consolidate the four districts was discussed by Dr. Kehoe.

Dr. Kehoe answered questions from committee members that covered all phases of possible consolidation from size to cost, and especially quality education.

As the study progresses, meetings will be held with the bureau of school service, while in the meantime, the committees will hold meetings in their own districts to discuss and study effects consolidation would have, both economically and education wise, in their own district.

The Grayling committee met after the meeting and elected Mrs. Orin Peltto, Chairman. A sub-committee composed of Mrs. Louis Johnson, Mrs. Terry Wakeley and Mrs. Alan Barkley was appointed to meet with Dr. Russ Wilson of the bureau on May 12 at Roscommon to discuss site qualifications, requirements and availability.

The next meeting of the Grayling committee will be in the high school library, May 18 at 7:30 p.m.

Crawford County Included In Conservation-Recreation Projects

LANSING—Sen. John F. Toepp (R-Cadillac) said today that the state of Michigan had sold \$16.1 million in conservation and recreation bonds to finance a series of projects in the state of Michigan. Included is \$3.4 million for the 36th Senatorial district and northern Michigan.

"The bonds were marketed at a low interest rate of 5.965 percent," said Sen. Toepp, a member of the influential Senate Appropriations Committee.

"I feel certain that a bill appropriating this money for the various projects will be reported out of the appropriations committee later this week."

Sale of these bonds at this very favorable rate is wonderful news for the people of the 36th senatorial district.

Sen. Toepp said the projects to be covered by the bond money would include:

—\$38,900 for remodeling and expanding Jones Lake campground in Crawford County with new campsites, parking lot, day use area, wells and toilets and a reconstructed entrance road.

—\$48,750 for Region II recreation area, projects in Wexford, Benzie, Grand Traverse, Kalkaska, Missaukee, Osceola, Mecosta, Crawford, Roscommon and Clare counties.

—\$30,000 for recreation projects in Missaukee, Osceola, Kalkaska and Crawford counties.

"These much needed recreation projects will do much to stimulate tourism for Northern Michigan," Toepp concluded.

Bait and spincasters found fishing the same, and it appeared that the Trout would take anything offered.

With continued warm weather, look for the morel mushroom the latter part of the week. Try the hill country near Frederic, Lovells, and just south of Grayling.

Spring foliage is beginning to appear, and the river system is beautiful at this time of the year.

All camping areas are open and trail roads are in good condition.

Mr. Cederberg requests that all important documents be brought along to assist in the prompt handling of all problems.

The local production of the Rodgers & Hammerstein Broadway Musical hit "Flower Drum Song" slated for May 14, 15 and 16 has all the earmarks of being another successful venture for the members of the Grayling High School Vocal Music Department. As in past years, a great deal of hard work and personal effort is going into this production to make it as near as possible to a real Broadway production. Rehearsals are now lasting far into the night and most cast members plan to put in a full days work this Sunday. Lighting equipment for the production will arrive from Detroit on Friday and the costumes are due to arrive from a Chicago costume house on Monday.

Dress rehearsals will be held Monday and Tuesday and opening night is scheduled as a special showing for grades 3, 4, 5, and 6, on Thursday evening, May 14. Performances for the general public will be held on Friday and Saturday evenings, May 15 and 16. All seats for these public performances are reserved and tickets may be purchased at the Grayling Pharmacy. By using the system of reserved seats, the public is assured the seat of their choice when they arrive, no matter how close to curtain time you arrive. Naturally those who purchase tickets early will have the best choice of seats. Do you have yours yet?

Doors to the auditorium will open at 7:15 on May 15 and 16. Any tickets not previously purchased at the Grayling Pharmacy will be on sale at the box office. There will also be a display of art work presented by members of the Art Department in conjunction with "Flower Drum Song."

Found Guilty Of Assault

A jury of 10 women and two men, following approximately 3 1/2 hours of deliberation Friday, May 1, 1970, found James Earl Rankin guilty of assault to do great bodily harm, less than the crime of murder.

Rankin stood trial before Circuit Judge Philip J. Glennie of Alpena on a charge of assault to John A. Taylor, which occurred in Beaver Creek Township, April 5, 1967.

Judge Glennie set sentencing for May 14, 1970, following an investigation of the Probation Officer.

AN ATTEMPT MADE — With only a few businessmen turning out Monday morning, an attempt was made to wash and sweep down Michigan Avenue, as a start of "Clean-up Week" here. The block was washed down, and it should be noted, main street was packed with parked cars by the time the project was to get underway. Shown above from left, Melvin Nielson, Sam Longworth, Harold Lee, Paul Thomson, Neil Olson and Nathan Riker, doing their bit, with Jack Alder, Eric Post, Don Jensen and Bruce Benson, joining the campaign.

"We presented this program to some 300 Republican leaders in Lansing in March," said GOP State Chairman William F. McLaughlin, "and it was generally agreed that this was the finest and most comprehensive organization tool ever developed at the National level."
Murel D. Edinger, RSCC field man in the upper Ninth, Tenth, and 11th Congressional Districts, will handle the presentation.

"If It Fitz . . ."
Touring With The Military
By Jim Fitzgerald

When I read what U.S. Senator William Proxmire (D-Wis.) said about me, I felt too important to empty the garbage.
Proxmire obviously had me in mind when he complained loudly about the military spending \$700,000 a year to "fly leading businessmen and community leaders around the country on free guided tours."
I went on one of those tours in 1968. I was a last minute substitution when the manager of a dime store got sick.
Proxmire charged the Pentagon was using taxpayers' money to brainwash Rotary-type citizens "to back its huge budget and to lobby for its weapon systems."
My flying tour included missile bases in Texas, New Mexico and Colorado. "This," said Proxmire, "was a thinly disguised attempt to sell influential citizens on the ABM," (anti-ballistic missile).
So that's what it was. I thought the purpose of the whole trip was to see the dog races in Juarez, Mexico.

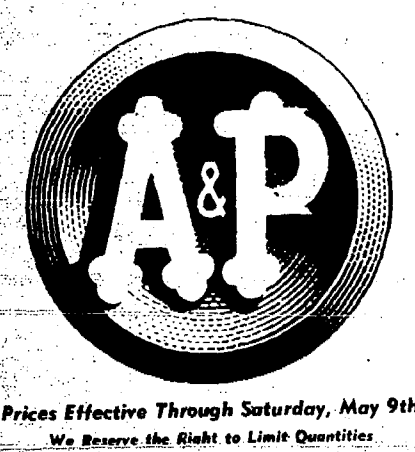

There were 12 businessmen on our 6-day tour. We sat through countless lectures and demonstrations concerning the ability of the North American Air Defense Command to push buttons and thus blow an enemy, miles away, into small bits of metal and flesh.
"They use radar and tracking and computers to destroy targets thousands of miles away," I explained to the boys at the poolroom in my most sophisticated manner. With my usual modesty, I tried hard to cloak the aura of worldliness and importance which clung to me after my VIP tour (I always wear a sticker from the White Sands Proving Grounds on my forehead).
"Yeah," asked a stranger, obviously a spy, "but exactly how do they make the missiles hit the targets?"
"I'm sorry," I said, "that's classified information. But let me tell you about Juarez . . ."

This is a marvelous town for pudgy businessmen whose wives don't appreciate them. All of a sudden, an ugly newsman becomes Robert Goulet. The girls just won't leave you alone. Frankenstein could get 12 propositions in half a block. Every little boy has a lonely sister and every cab driver knows where there's the greatest party in the world and you're invited.
To make-out like Errol Flynn in Juarez, all you must do is smile, make charming conversation, and bring your wallet. If there's money in the wallet, you can leave your teeth home and never open your mouth.

You can see what I remember most vividly, 2 years later, from my tour with the military. I can thank you taxpayers for my introduction to Sin City No. 1. But I can also assure Sen. Proxmire I wasn't converted into a Pentagon puppet.

I asked many of our military guides and lecturers the same question: "Does it bother you, maybe late at night, that your sole occupation is to perfect and manipulate machinery which has one ultimate purpose . . . to kill people?"
The usual answer was no surprise: "Yes, it bothers me but the Russians are doing it so we have to do it too."
Yeah, man. That's our world and who is going to change it?

Only in such a world would the Very Important People flock for fun to a cruddy town like Juarez, with or without a military escort.
I think I'll empty the garbage.

Action Louder Than Words

The time is rapidly approaching when people will become weary of the purely negative business of spreading alarm about the environment. They will be more interested in hearing about the positive actions taking place to cure some of the problems. When that day arrives, the industries and the individuals, the legislators and the scientists, the businessmen who have tackled a national clean up job with all the resources at their command, may become the real leaders and the progressors of tomorrow.

As the head of one nationwide concern acidly comments, "An activist is the guy that cleans up the river, not the guy that concludes it's dirty. We need a generation that won't be content to hold seminars. They've got to go out and clean up the rivers and clean up the sky. That takes leadership."

Chattanooga, Tenn., NEWS-FREE PRESS: "When most people first heard of it, the idea sounded so ridiculous, so unfair, so unjust that most were inclined to dismiss it. We're talking about what has been variously described as the 'guaranteed annual income' or the 'negative income tax.' In a nutshell, the idea is that if you earn money you will pay the Federal Government income tax as you always have. But under this new scheme, those who don't earn a certain amount of money would be paid a guaranteed income or a 'negative tax' by the Federal Government. What means, of course, is that you who work would do the paying."

Benton, Mo., DEMOCRAT: "In the past 25 years since World War II, we have spent over a thousand billion dollars on our 'defense of the free world' and over \$100 billion on economic assistance abroad! Is foreign aid and 'do-good-ism' a bottomless pit? Some newspapers are commenting on the horrible fact that Congress . . . passed the lowest foreign aid bill in history. I say more power to Congress. Let's stop the whole senseless, wasteful mess!"

Glove making was one of the most popular home extension projects in Upper Michigan this year. Native deer hides were used for most of the gloves to encourage extension members to conserve native Michigan materials. Extension members were able to get three or four pairs of gloves from one native deer hide.

Mr. and Mrs. R. Schotte and daughter, Martha, and Wm. Verlinde, of Waters, visited at the Henry Verlinde home, Sunday.

The regular meeting of the Home Extension club took place at Mrs. Stan Hummel's Thursday. A quilt was tied in the forenoon, followed by a pot-luck dinner. The afternoon was spent studying the lesson on "Finishing Touches." To climax a well spent day, everyone took part in a contest, in which Mrs. Archie Howse and Mrs. Oscar Parsons won prizes.

Two years ago today, the mighty struggle on the continent of Europe came to a close, with the armies of the United Nations victorious and the Axis armies totally defeated. May 8 of each year will be a memorable date as the anniversary of the close of the struggle that was more titanic than the world had ever dreamed.

Mr. and Mrs. E. R. Johnson of Detroit have purchased the Thompson Oil Company from Clarence Thompson and took over active management April 21. The Johnsons were in a similar business in Detroit.

A belated wedding shower was given for Mrs. Robert Tiffin Monday evening, May 5, at the home of her mother, Mrs. Lloyd Gierke. Mrs. Larry Laughton and Mrs. Willard Harwood were co-hostesses. A buffet lunch was served by the hostesses and the honored guest received many lovely and useful gifts.

Mr. and Mrs. Robert Funk spent the weekend in Ferndale and Royal Oak, visiting relatives.

Joe Stripe, Bob Strong, George Granger, Willard Cornell, LeRoy Christian, Wesley Kumpula and Frank Bond spent the weekend at the Bond cottage on the Manistee.

Mr. and Mrs. Richard Snyder and daughter Peggy spent the weekend visiting Mrs. Oscar Hanson and Mrs. Ella Wilcox and daughter, Nancy.

Mrs. Wm. Brenke of Lansing is spending two weeks visiting the Norval Stephens. The ladies are sisters.

Miss Billyann Clippert expects to spend Mother's Day weekend with her parents, Dr. and Mrs. C. G. Clippert. She will accom-

pany Mr. and Mrs. Larry Frymire of East Lansing, who will spend the weekend with Mrs. Frymire's parents, the Harold MacNevens.

Mr. and Mrs. Thomas Robertson introduce their new son, Edward Bert, who was born April 26, at Mercy Hospital. Little "Eddie" weighed 9 pounds, 11 ounces.

Leonard Hoerl and a few friends from Detroit surprised Leonard's brother Harry Hoerl and family by spending the weekend with them.

Mrs. Harold Rasmussen and son, Dick, and Mr. and Mrs. Carl Nielson accompanied Miss Laura Rasmussen as far as Detroit last Thursday, where she boarded a plane for her home in Los Angeles.

Mrs. Wm. Joseph and Mrs. O. W. Hayes left Thursday to spend a few days with the former's parents, Mr. and Mrs. L. W. Huntington in Eaton Rapids.

Mr. and Mrs. George Bielski of this city are announcing the marriage of their daughter, Mrs. Rose Roschekski to Reese Cox of Frederic on May 2, at the Michelson Memorial Church. Rev. R. C. Puffer performed the ceremony.

The Norman Dawsons of Mt. Pleasant spent the weekend in Grayling, visiting his parents, the Earl Dawsons. Dick Dawson was also home for the weekend.

46 YEARS AGO —

May 8, 1924

Adolph C. Peterson and family have moved into the home vacated by T. Klingensmith and family, which they purchased during the winter.

A chimney burning out on the Karl Hagman residence called out the fire department in a hurry last Saturday morning.

Miss Vella Hermann has completed a successful term of teaching in the Funch School in South Branch township. At present she is assisting as clerk in the A & P Store.

Francis and Lionel LaGrow, who have been spending the winter in Lansing visiting their sister, Mrs. Lee Seymour and family, arrived in Grayling Saturday to spend the summer at their home here.

Barrett Johnson of East Jordan is the new pharmacist at the Olson drug store. Roy Clark, who was there temporarily, returned to his home in Traverse City, Friday.

Mr. and Mrs. Emmet C. Reel of Detroit are here preparing their household goods to be moved to Miami, Fla. They have sold their home on the stone road near the flooring mill to Mr. and Mrs. George Plant of Detroit, who plan to move here.

Word from Lansing announces the birth of a daughter to Mr. and Mrs. Will Wingard, formerly of Grayling.

Mr. and Mrs. Ira Robinson and family of Luzerne left last week for Seattle, Wash., where they expect to make their home. Mrs. Robinson was formerly Miss Libby Hickey of South Branch Township.

Mr. and Mrs. James F. Crane returned Friday after spending the winter in Louisville, Ky.

John B. Redhead and son Jack and wife arrived Saturday from South Bend, Ind., to spend several months at their old home in Lovells.

Memo from Merrily

"Young Children Should Be Taught Wise Use of Money" An allowance helps children learn that money doesn't grow on trees.

A young child may be given an allowance as soon as he is ready for the responsibility of handling it.

Give it with no strings attached. This leaves the planning and choicemaking up to him.

Paying children for performing household tasks is artificial, because you both know it isn't pay. As part of the family, children should share the work of maintaining their home — without pay. They should understand that allowances are services, just like meals, made beds and a clean house. It's their share of what the family has to spend.

An allowance teaches responsibility, respect for money, and the comparative values of purchases.

If a child spends all his money on candy the first time, he may not be so rash the next time.

How much should an allowance be? That depends on two major things: Your financial circumstances and the amount of responsibility your child is ready for. Discuss with him expenses his allowance should cover. If the allowance is given in small coins, it's easier for him to distribute it for different purposes.

Guide the child, but don't force him to put his money in certain channels. Teach him to save for something he particularly wants.

Help him to learn to share by buying presents within his means for family birthdays, and to give a small amount to Sunday School, church or other worthwhile organizations. This teaches concern for others.

If you discuss financial problems in the family, your child will learn that money doesn't come easily. He'll learn to appreciate it. If he is a "partner" in the family business, it's easier for him to understand the statement: "We can't afford it."

Remember that children are very perceptive. They quickly pick up your attitudes and habits with money.

While teaching your child the wise use of money, you'll also teach him responsibility and resourcefulness — things he will be using for the rest of his life.

Blame The Ladies

A new breed of militants is getting a lot of attention lately, vowing to make the 1970's the decade of their deliverance.

These are the hard-core feminists. Some of their approaches are interesting and meritorious, some are not so worthy.

These women want to run the country, and eventually the world. They are going to have to vie with the hard-core youthful militants for these dubious honors. Of course, the women have some advantages on their side; whereas the young will not always be young, the ladies will have their gender forever. . . at least, in most cases.

Apparently the feminists want equality—plus. They trot out all sorts of statistics indicating the ladies have been victims of masculine discrimination for many years, and demand that the time for change is now.

Statistics indicate that women spend more money than men—that is, they control the nation's purse strings. Women make up a majority of the population—now at 51 percent. They live longer, they are inherently stronger. And they make up 53 percent of the voting population of this country.

Faced with these statistics, what then is to stop the ladies from taking over any time they want? This country is still controlled at the ballot box, and if the ladies have more than half the votes,

why don't they elect their own kind and run things the way they want them run?

One answer is that so far, women have not trusted other women to run the affairs of the community, or the country. Basically, women depend more on men than they do on other women.

Any woman who has run for public office will attest that she has two strikes against her when she starts: (1) Many men won't vote for her because she's a woman; and (2) many women won't vote for her because she's a woman.

The target of the new militant feminists, then, should logically be women rather than men. If women can show other women that they are just as capable to hold public office as their male counterparts, then certainly women could exercise their bias-in-reverse and elect women to every position available. And there's nothing the men could do about it.

The problem, ladies, is with other women, and not with men. And just because a man says it, the ladies probably won't believe it.

A few days back, when the world was waiting with their hearts in their mouths as the three astronauts struggled with their crippled space ship, not knowing if they would safely return to earth, we heard a question for which we had no ready

answer.

Mike Hagman in Howell posed it to us, but we're sure Mike isn't the only one who wonders: How come we get so all fired excited about three guys getting back safely from space, when we almost take for granted the deaths of hundreds of Americans every week in Southeast Asia?

Personally, I can come up with no good answer. Rationalizations, yes; but a good answer, no.

With all the people running for office this time of year, we hear all sorts of reasons why the world (or nation or state or community) is waiting for any particular candidate to provide his own particular brand of service.

But two rather novel reasons why potential candidates decided not to run for office appeared in Michigan recently, and we should note them.

William Cahalan, Wayne county prosecutor, said he had studied the idea of running for governor, but decided against it for a number of reasons, one of which was the size of the Governor's Mansion in Lansing—only four bedrooms and the Cahalans had seven kids.

But the topper of all my memory was offered by Attorney General Frank Kelley, who also was explaining his decision not to run for governor. Said Kelley:

"I simply do not want to be governor."

Network of Freeways Stretches across State

by Henrik E. Stafseth, Director
Michigan Department of State Highways

Michigan's freeway network, growing year by year, now spreads across the landscape for 1,402 miles. Another 522 miles of planned highways with less than full-access control give the state 1,924 miles of superhighways as a state highway system of 9,222 miles.

With nearly 80 percent of its 75-mile interstate freeway alignment open to traffic, Michigan is well ahead of the national average of about 67 per cent. However, one of the most difficult construction is still ahead, including a 16-mile stretch of the controversial I-696 Freeway through southern Oakland and Macomb counties.

More than 80 miles of freeway and other divided highways are under construction, including 50 miles of interstate. Completion of the entire network, state and national, in the mid-1970's will enable motorists in Michigan and the other 47 contiguous states to drive from border to border and ocean to ocean without stopping for a traffic light or intersection.

Freeways scheduled for opening in 1970 include:

- The final portions of Detroit's downtown freeway network (Interstates 75 and 96).
- More of the M-78 Freeway, bringing it into downtown Flint.
- The final section of Interstate 496, serving Lansing off I-96.
- A small portion of the north-south US-27 Freeway in Lansing.
- Eight more miles of Interstate 75, bringing it north as far as West Branch.

More than half of the recently opened freeway mileage was in urban areas, where the going is slow and very costly. Openings included:

- 6.2 miles of Interstate 75 (The Chrysler Freeway) from I-94 (The Ford Freeway) north to an interchange with planned I-696 in south Oakland County.
- 11.9 miles of US-131 Freeway from I-96 in Grand Rapids north to M-57 south of Cedar Springs.
- 4.7 miles of I-496 in Lansing.
- 1.6 miles of M-78 (to become the northern terminus of I-69) in the Flint area.

Since Congress intended that the interstate system be completed as quickly as possible, 90 per cent of the costs are reimbursed by the Federal government.

Cramton Loyalty Day Speaker

"Are we less loyal — less patriotic — today?"

Louis K. Cramton, District 11 Americanism chairman, posed that question for the consideration of those attending the Loyalty Day Dinner put on by the Auxiliary of the Roscommon Veterans of Foreign Wars post Friday evening.

Cramton, a member of Chemical City Post 3651, Midland, said that to judge from Public expressions of patriotism — or rather the lack of them — one must answer "yes" to that question.

"Patriotism and other open expressions of any virtuous emotion are considered corny or square today and a great majority of us are self-consciously silent," Cramton said.

He contrasted the fuss made over boys going off to service in the early 40's with the lack of official and community notice given the boys who leave for service today — expressing the hope that the people of Roscommon did more than most communities.

Examples of loyalty and patriotism are easier to find in the service than here at home, according to Cramton.

He read excerpts from letters he had received from young men serving in Viet Nam, calling the writers "living examples of the meaning of loyalty and patriotism."

"Only the brave can be free," one young man wrote. Another compared the sacrifices he and other members of his Marine unit near Da Nang were making, with those made by young men named Pulaski, Kosciuszko, Lafayette and Von Steuben who crossed an ocean to help preserve our country's freedom in its early days. "We are making a payment on that debt," a Grayling Marine wrote.

Cramton closed with the example of a Houghton Lake Marine who wrote: "When I read of the demonstrations and violence by those lucky enough to have the chance to go to college, I wonder if their libraries no longer have any books about our Revolutionary heroes."

"No one," Cramton continued with the excerpt from the serviceman's letter. "Can read much about Franklin, Jefferson and Madison — and those other giants without wondering at the presumption of these immature emulators of the negative who like to compare themselves to our Revolutionary ancestors — these pygmies who can only destroy — comparing themselves with builders, with the men of great vision — with the men who laid the groundwork for a unique system of self-government still envied by all who are denied it."

"Tomorrow we go back into Charlie's backyard for at least 20 days. It is necessary that he and others who would substitute aggression for reason and right must be stopped. I am proud to be a part of that effort."

Cramton is Legislative Officer for Post No. 3651.

From Allen Fretz, Salford, Pa.: I remember the time you could buy a bushel of potatoes for 35c and six loaves of bread for 25c. If you bought a dozen doughnuts or buns, they gave you thirteen.

I also remember when cigarettes were 10c a pack and with some packs you got a beautiful silk flag or hankie. Names of some cigarettes were Fatimas, Hassens, Ovals and Recruits. You could buy a bag of Bull Durham or Duke Mixture for 5c and the papers were free. You could get about 25 smokes from a bag.

There was also nickel beer and any whiskey on the shelf for 10c a shot. There was always a free lunch at the end of the bar — rye bread, cheese, bologna and mustard. Then, along came Carrie Nation with her hatchet.

I remember you could go into any hotel and get a big oyster stew for a dime. I remember the first movie that came to our town. It was in a rebuilt trolley car barn and they gave it the fancy name of "Marble Hall." The film "Hittler" so badly hurt your eyes ached by the time the show was over. I remember large oil lamps on the main street corners, and a 10 o'clock curfew which we kids so despised.

Blueberry Dish Tasty Dessert

A blueberry dessert lends an elegant touch to any meal—and the richly colored luscious berries are plentiful in Michigan. In fact, since this state is the nation's second largest producer of the fruit, a good part of the country looks to Michigan for its supply of blueberries.

For a simple pleasing dessert, which looks and tastes like it took hours to prepare, try

- BLUEBERRY BUCKLE**
- 1/2 c. shortening
 - 1/2 c. sugar
 - 1 egg well-beaten
 - 1/2 c. milk
 - 2 c. sifted flour
 - 2 1/2 t. baking powder
 - 1/2 t. salt
 - 2 c. blueberries

Topping: 1/2 c. sugar, 1/2 t. cinnamon, 1/2 c. flour, 1/4 c. shortening.

Cream shortening and sugar; add egg. Sift flour, baking powder and salt. Add to creamed mixture alternately with milk.

Pour in buttered pan. Distribute blueberries over batter and sprinkle on topping. Bake one hour at 350°.

"ThriftyChecks make my bill-paying easy."

"No more of that awful waiting on line!"

"No more. Just write 'em and mail 'em. Wonderfully convenient. And you get a neat little check record that shows what you have left in the bank."

You look terrific too, using a no-minimum-balance ThriftyCheck® Personal Checking Account. Your checks cost just a few cents each—and are beautifully name-printed free.

Cadillac

STANDARD OF THE WORLD

Do it today...not 'someday.'

Perhaps you have long dreamed of owning a Cadillac... then reluctantly settled for some lesser car until that "someday."

You could find no better reason to make that "someday" come true today than the brilliant 1970 Cadillac.

Consider, for example, the grand Cadillac Sedan deVille, shown above. It is the most popular of all Cadillacs. Its impressive elegance suggests the driving pleasure inherent in its luxurious interiors, its host of comforts and conveniences and the superb performance of its great 472 V-8 engine.

Once behind the wheel, you'll enjoy the near effortless handling

provided by Cadillac's variable-ratio power steering, power front disc brakes and brilliantly smooth Turbo Hydra-matic transmission, standard on every Cadillac model.

And you can enhance your motoring enjoyment with available Automatic Climate Control air conditioning, Tilt and Telescope steering wheel and the incomparable sound of Cadillac's exclusive AM-FM Signal-seeking stereo radio.

We think you'll agree, once you've driven the 1970 Cadillac, that you've waited long enough. And your authorized Cadillac dealer will be proud to help you make your "someday" come true... today.

The Catholic Diocese of Grand Rapids, comprising twenty-nine counties in northwestern Lower Michigan, will again have a Diocesan Development Fund Campaign to obtain funds for the general expenses of the Diocese as a whole. These men have organized the 1970 Diocesan Development Fund Campaign for the northeast region of the Diocese. They are from left to right: Reverend Robert Rose of Grand Rapids, the Diocesan Clergy Chairman, Mel McCutcheon of Roscommon, the Regional Lay Chairman, Bishop Joseph Breitenbeck, D.D., Bishop of Grand Rapids, James McNerny of Grand Rapids, the Diocesan Lay Chairman, and Reverend John Hoogterp of Roscommon, the Regional Clergy Chairman.

This is the fifteenth year in which the Diocesan Development Fund (DDF) Campaign has been held. Its purpose is to seek contributions and pledges from all the people of the Diocese of Grand Rapids to meet the expenses of the Diocese as a whole. One of the very important projects of the Diocese is the education and training of young men

for the priesthood. This requires almost one-third of the amount of the fund. Presently almost all of the counties of the Diocese have one or more priests educated with the aid of funds received from the DDF. Another important project is the Catholic Social Services. This is the agency for marriage and family counseling, and for the

work of adoption and foster homes. Main offices are in Grand Rapids, Muskegon, and Traverse City, with northern branch offices in Petoskey and Cheboygan.

The other projects of the DDF are the Confraternity of Christian Doctrine to aid in the religious education of adults and children in the parishes of the Diocese, the support of programs for the religious needs of migratory workers, and finally an office of Human Relations which is studying and directing efforts toward better relations among all peoples and the attainment of human rights for all.

This year's Diocesan Development Fund Campaign will be held from May 17th to May 24th.

FORMER RESIDENT CHOSEN TOP YOUNG FARMER

Following is a news release received by the Avalanche from the Glens Ferry, Idaho Gazette. Dave is a former county resident, graduating from Grayling High School. We thought it would be of interest to his friends here.

David E. Owens, 34, a young and very busy farmer in the Glens Ferry area, has been named the Jaycees Outstanding Young Farmer of 1970.

Owens, who farms and manages 1,200 acres near Glens Ferry, Idaho, was presented with a plaque by Jaycees President Bob Janousek as one of the highlights of the Chamber of Commerce annual Farmers' Night Banquet, Saturday night.

Married and the father of two small children, Owens raises grain, hay and pasture for range cattle on 1,200 acres that he works in conjunction with his father-in-law.

Relatively young in years and experience, Owens began farming in 1965, but he has already put together the ingredients of success.

In answer to the two prime questions that made him eligible, Owens listed as his main problem: "Operating at a profit in the face of continued inflation." When asked why he farms and what his goals are, Owens replied: "I enjoy working with livestock and raising feed for them. My goal is to own and operate a ranch which I can pass on to my children."

Dere Mommy, Happy Mothrs Day!

The red rose decorating the notebook paper is a little lopsided, and the spelling is awful. But what a wealth of love went into the message. I know, because I was the little girl who made it.

Now it's my little girl who struggles with pen and crayon to fashion a card of love for me.

And as I watch her I think of Mama — sliding down the back hill with us in Daddy's worn-out knicker, kneeling with us as she heard our prayers, singing sweetly Sunday mornings as she stood between us in the family pew. I remember her joy in life, the way her Christian faith glowed in everything she said and did.

Do you wonder that our church is a continuing source of joy and strength for me and my family?

GOP Candidate, 36th District State Senate

Marshall A. Brehm, 47 year old Cadillac, Michigan Business Executive today announced that he is a candidate seeking the Republican nomination for the 36th District State Senate seat in the August 4th primary election.

A native of Cadillac, Brehm graduated from the Cadillac High School and attended Ferris State College and Michigan State University. He is a World War II veteran, having served three years in the Army Air Force. He has held memberships and affiliations in numerous civic and fraternal organizations, clubs and associations.

Brehm was former owner of Grayling Bottling Co. in 1947 and 1948.

Brem served as General Campaign Manager in 1964 for Guy Vander Jagt when he was elected State Senator for this same district. In 1966 Brehm assisted in the successful election of Vander Jagt as the U.S. Representative to Congress from the 9th Congressional District. This was the seat that was vacated when former Congressman Robert Griffin was elected to the United States Senate.

He currently is President of Brehm Tree and Land Corporation of Cadillac, a diversified evergreen tree growing and marketing firm that he originated in 1955. Brehm has also had interests in the wholesale-retail food and beverage field, real estate, land development and public relations.

Many of Brehm's ideas and innovations have been credited with contributing to the tremendous growth in making Michigan the foremost state in the raising and shipping of high quality Christmas trees.

The 36th district consists of counties of Leelanau, Benzie, Grand Traverse, Kalkaska, Crawford, Roscommon, Missaukee, Wexford, Osceola, Clare, Isabella, Mecosta, Newago (except for Croton and Ensley Townships), Manistee (except for Filer and Manistee Townships and the City of Manistee) and Elk Rapids, Milton, Helena and Custer Townships in Antrim County.

Three Kentucky men, Harold Fowler, 33, of Newport, Gary L. Pendleton, 28, of Ft. Mitchell, and William E. Roberts, 25, of Covington, were arraigned on charges of breaking and entering. All three demanded preliminary examination. They are accused of breaking into Davis Jewelry on March 22. The trio failed to post bond of \$15,000 each, and were remanded to the custody of the Crawford County Sheriff. The examination date is pending.

Julius T. Height, 19, Bay City, pleaded guilty of driving with license suspended. He received 3 days in jail and paid fine and costs of \$83.00.

Ralph W. Burke, 23, Saginaw, received a fine and cost of \$133, and one day in jail for driving under the influence of alcohol.

Mr. and Mrs. Clarence (Tony) Gross returned home Tuesday evening from a three and a half week vacation in the West. They left Grayling on April 4, stopping at Fort Leonard Wood, Mo. to see Dwight Johnson of Toledo, Ohio, who is stationed there. They went on through Oklahoma, Texas, Arizona and New Mexico. They stopped and saw the Grand Canyon and Painted Desert. They spent four days in Los Angeles with Tony's brother, Mr. and Mrs. George May and family. They also called on Mr. and Mrs. A. W. Lindahl, former Grayling residents. They proceeded on to San Francisco, spending four days there with Mr. and Mrs. Brad Jarmin, Tony's niece, before heading home by the middle northern route. They report that they had a wonderful vacation with no rain and all the mountain passes were open when they got to them. They stopped in Bridgeport and visited their daughter, Mr. and Mrs. Reggie Ashton and family before returning to Grayling.

Mrs. Marjorie Dorah returned home last Saturday after spending the winter in LaVerne, Okla. visiting her daughter and family.

Letters To The Editor

Dear Sir:

With this week we are trying to focus our attention on our cleaning up of our environment. People are clearing yards, washing streets and other tasks that are very meaningful.

If you in your cleaning have washed your car you may have noticed that the ravages of winter ice, snow and salt has made new indents into that already too thin of a body. But, cars are very easy to replace, they only cost money. The car is one factor many people are proud of so I've picked it to speak of because not many people care about what the salt used on our roads is doing to the plant life on the edge of our county and state roads. The North Down River Road is brown on the edges where young red pines and other trees once grew. These trees, the soil they live in, the ground water that is so vital to them is what cleaning up our environment is about. Some people still enjoy the nice scenic drives in the Countryside.

Beer cans, trash and other objects cost our county lots of money to pick up. I would like to get an estimate on the cost of the trees that are dying, the soil erosion that will follow and the possibility that this salt may get into our water and streams.

Next winter, let's use some good old Crawford County sand on the roads before that's all Crawford County has left.

Mike Wieland

To the People of Grayling: I would like to warn the people to be sure and get a receipt, if they retain a lawyer and he asks for any important papers.

My lawyer requested the abstract of my motel and never returned it.

When my buyers requested the abstract so that they could pay me the balance of the mortgage, I had to have a new one made up which cost me \$148.00, so don't take word of mouth, have it in writing.

Edna Hempel, Grayling and Bay City, Michigan

TO THE STUDENTS OF
GRAYLING HIGH SCHOOL

We of the Community of Grayling wish to thank the students of Grayling High School for the efforts they have put forth in making our community a much cleaner and litterless area.

The work the students did on Earth Day, and the work they are doing this week in the environmental clean-up, greatly enhances the image of our community, and is certainly an example that we adults should emulate.

Alan Long, Frederic Fire Chief, made arrangements for Deen Welch, Assistant Fire Chief, and Ed Durga, Fireman, to show Mrs. Dittor's 21 Kindergartners through their Fire Hall. Mr. Welch and Mr. Durga talked with the children about the danger of playing with matches and fire of any sort. The children had a chance to sit behind the wheel of a large fire engine to see what it is like to drive one. To thank the men the children made a "book of pictures" about their Fire Department to give to Mr. Welch and Mr. Durga. Here they are holding their pictures before the book was put together.

SUNDAY'S SERMON

GAME OF LIFE

The game of life is not always easy to play. No matter how carefully one may plan and prepare for tomorrow, the unexpected becomes a reality and everything is changed. No one can plan a perfect life upon earth. Even that One Perfect Life, dedicated to the will of God, was not without pain, suffering, and death. Yet, if we study the years of Christ upon earth, we learn more and more about how the game of life should be played.

The lessons are all there: a life which had a plan, a purpose, a life dedicated to peace and brotherhood among men, a life of love, obedience and service.

Many of us have a plan for living. The problem is, in many instances, it is too self-centered. We place too much importance on personal goals and ambitions. When we do this, there is a tendency to shut out people and things rightfully worthy of some attention and consideration.

Check your own game plan. Consider not only the progress you are making toward the things you want out of life; think about whether or not you are making some worthwhile contribution to the world in which you live.

NOTICE OF HEARING

Notice is hereby given that a public hearing will be held by the Board of Crawford County Road Commissioners at their office at 320 State Street, Grayling, Michigan on May 22, 1970, at 10:00 a.m., for the closing and absolute abandonment of the following described road:

Commencing at the approximate E 1/8 line, Sec. 16, T27N, R3W, where it intersects M-93 and running northerly to the intersection of the approximate E 1/8 line and S 1/8 line, Sec. 9, T27N, R3W, thence easterly to the intersection of M-93 and the south section line of Sec. 10, T27N, R3W, all in Grayling Township, Crawford County, Michigan.

For the reason that this road is a fire line built for the protection of the stand of Virgin Pines and property of Hartwick Pines State Park, request for road abandonment made by the Hartwick Pines State Park, Department of Natural Resources.

This is Oldsmobile's year at Indy.

Isn't it your year for an Olds?

The knowing folks at Indy just named Olds 4-4-2 official pace car for this year's 500.

For good reason. Olds is not only an excellent performer, it's a winner in looks and ride as well.

The fact is, every 1970 Olds is a pacesetter. And it goes far deeper than performance.

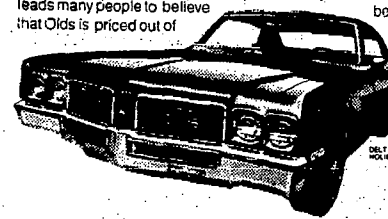

You find it in great engineering. In exceptional comfort. In ride and handling that are outstanding. And in the solid quality and dependability you've come to expect from Oldsmobile.

In fact, it's this quality that leads many people to believe that Olds is priced out of

their reach. A mistaken notion that might keep you in an ordinary car, instead of an Olds.

The truth of the matter is that many Olds models are priced right down with the low-price names.

Now that you have the facts, isn't this your year to go Oldsmobile? You can probably do so for no more than what you've been paying. See your nearest Olds dealer.

Local SCD Observing Soil Stewardship Week

Soil Stewardship Week, a nationwide observance which places emphasis on man's obligation to God as stewards of the soil, water, and other related resources, will be celebrated locally, May 3 to 10, according to Houghton King, Jr., chairman of Crawford Roscommon Soil Conservation District.

"Resources and Renewals," the theme of this year's observance, underscores the responsibility which each citizen has in dealing forthrightly with current issues involving stewardship of renewable natural resources.

The local district and some 3,000 companion districts throughout the nation along with their state and national associations are sponsoring the event for the 16th consecutive year.

Booklets, program blanks, and bulletin inserts particularly created for this year's observance will be distributed upon request to churches of all faiths by the local district.

The materials were prepared by the National Association of Soil and Water Conservation Districts, in consultation with a Soil Stewardship Advisory Committee composed of leading church men in the nation. The committee consists of the Rev. E. W. Mueller, Lutheran Council in the U.S.A.; the Rev. John George Weber, National Catholic Rural Life Conference; the Rev. Harold S. Huff, Methodist Church; the Rev. Henry A. McCanna, National Council of the Churches of Christ in the U.S.A.; and Dr. C. Wilson Brumley, Southern Baptist Convention.

\$600 to the band uniform fund; \$150.00 to the music scholarship fund; \$162.50 toward a \$325.00 oboe - the band to pay the other half.

The Committee gave the following report on the carnival:

Ticket and Food sales, \$916.45. Cash donated by business and professional people, \$331.75. Total cash, \$1248.20. Expenses for food, prizes, etc., \$342.51. Net profit, \$905.69.

An additional \$6.81 previously in the BB treasury was added to this amount to make up the difference.

Only the cooperation of the entire county could have made this Festival such a success. Thanks to all for this support of the band. Congratulations to the band for winning another first place trophy at the Kalkaska Trout Festival.
